

REMARKS

Favorable consideration and entry of the present amendment is respectfully requested.

Claims 1-20 are allowed. The Abstract is amended by the present amendment.

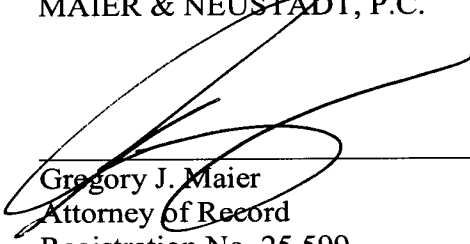

The Abstract was amended via an amendment filed on September 9, 2005 to correct informalities. However, the Examiner's Amendment of June 11, 2007 included the original, un-amended Abstract. Accordingly, the present amendment re-submits the Abstract as amended September 9, 2005 to correct the informalities therein.

These informalities were uncovered in Applicants' post allowance review of the application and are being timely and diligently corrected. No new matter is involved and no new issues are believed to be raised.

In view of the prior indication of allowability, no further issues are outstanding, and entry of the present amendment is believed to be in order and is respectfully requested so that the patent which issues from this application includes the presently submitted changes.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,
MAIER & NEUSTADT, P.C.
